- What do I want to learn or understand better?
- How can I help someone else, or the entire team, to learn something new?
- What is my contribution towards the team's use of Scrum?
- What is my contribution towards the team's deliveries?

I want to understand better how to refactor existing code into a design pattern most effectively.
I can help someone else by making myself available for the rest of the team by finishing my tasks in an appropriate time.
My contribution to the team's use of Scrum is taking charge of the documentation being made for the sprint meetings and working within the agile workflow with my tasks.
My contribution to the teams deliveries is finishing task 9.1
